Who Does Your Printing?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in rural communities except to get printing orders and the cash to pay for them. Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done locally.

TENNIS NOTES

An interesting match at tennis was played on Sunday last between H. Birch of Cluny and W. J. Smith of Bassano, opposed by L. Foxen and J. M. MacDonald of Carbon, which resulted in a win for the Carbon pair by 2 sets to 1. Scores were 6-3, 4-6, 8-6. The second team of doubles, C. H. Nash and V. Hawkins were to have also played the visitors, but as Mr. Hawkins was unable to play, Mr. Peters filled the vacancy. After an interesting display of tennis Messrs. Birch and Smith won this match by 2 sets to 0, 6-4, 6-3.

The Carbon Tennis Club concluded the season with a tournament for boys 14 years and under. Eight entries were received. H. Edwards was handicapped to give the others, half of fifteen-start. "The results were as follows:

First Round—H. Edwards defeated M. Wiertz, G. Smith defeated N. Nash, J. Fairbairn defeated W. Peters, W. Skerry defeated W. McGregor.

Semi-finals—H. Edwards defeated G. Smith, J. Fairbairn defeated W. Skerry.

Final—J. Fairbairn defeated H. Edwards.

CARBON SCHOOL REPORT

Grade IX—E. English 96, A. MacDonald 96, I. Mackey 90, K. Walker 90, A. Evans 60, J. Fairbairn 70, A. Graham 70, E. Wright 70, V. Atkinson 56, J. Code 50.

(Only names above 50 per cent are included in high school report.)

BOARD OF TRADE LUNCHEON

The Board of Trade Luncheon will be held on Monday evening, Oct. 22 at 8 p.m. in the Carbon Hotel and a cordial invitation is extended to all farmers and citizens to be present.

A. B. Claypool, M. L. A., will be the speaker and it is expected that he will speak on some topic of interest to the farmers and business men as a whole.

TENTH FORTNIGHTLY CROP REPORT

Issued by Department of Agriculture

Threshing is fully seventy-five per cent completed throughout the Province and good progress is being made with the remainder, according to telegraphic reports received for the tenth fortnightly crop report of the season.

Weather conditions during the past two weeks have been generally satisfactory, although in a number of localities light falls of rain and snow have hampered operations to some extent. Grain is moving rapidly to market and at some country points elevators are reported to be filled to capacity.

Recent reports make it difficult to estimate to any degree of accuracy the damage resulting from frost. In a number of localities and in the case of earlier crops generally injury has been very slight, while other districts the quality of a considerable percentage of the grain threshed has been lowered from one to three grades, and a marked decrease from the anticipated yield is reported.

In the Peace river Country the season has been very satisfactory, and grades on the average are stated to be better than for last year's crop. A great deal of fall plowing has been done throughout the Province and this, along with the large amount of land newly broken during the past summer, promises an increased acreage in readiness for next season.

HARRY FULLER DIES OF INJURIES

Word was received on Monday that Harry Fuller, who was injured in an accident here last Tuesday, had died in the Drumheller hospital on Sunday evening.

The accident, which later resulted in Harry Fuller's death, occurred just at the traffic bridge over to the "Island," when Fuller was crossing with a load of potatoes on top of which he had a number of sheaves. Just as he was going off the plank the sheaves slipped off and he went with them, falling under the wagon and the hind wheel passing over his head just at the eyes, causing immediate blindness and a fractured skull.

Mr. Fuller was taken to the Drumheller hospital where he remained until his death on Sunday evening.

Harry Fuller was an old timer here and served overseas in the Great War. He was 35 years and 9 months of age, and leaves to mourn his loss a sorrowing wife and one small child.

Funeral services were held from the Catholic church, Carbon, on Tuesday Oct. 9, and a large crowd was present to pay their last respects to the deceased.

The pall bearers were: Messrs. S. P. Torrance, W. Dixon, Geo. Wise, W. Talbot, Harry Hunt and Mr. Woodford.

Interment was made in the Carbon cemetery.

The local telephone office broke its record for outgoing long distance calls on Monday, when 96 calls were completed.

Protect Submarine Crews

Italian Has Invention That May Prove of Great Value

Cesar Borghetti, inventor of an apparatus for saving the lives of submarine crews in case of danger, has succeeded in interesting the Italian government in his invention and now gives the press some details of his amazing invention.

Signor Borghetti's apparatus consists of several hollow cylinders attached to the sides of the submarine in such a way that they do not impede its passage through the water. The number of these cylinders depends on the number of men in the crew.

The outer chambers are reached by two doors from the interior of the vessel. Inside of each of these cylinders is another airtight chamber with four compartments holding compressed air.

When the shipwrecked crew is inside the inner chamber and the doors are tightened, a lever releases it from the outer cylinder which is firmly attached to the sides of the submarine. The cylinder containing the men is constructed in such a manner that it will float, automatically, to the surface even from a depth of 600 feet.

DIARRHŒA Was So Bad Child Passed Blood

Mrs. Harry Nesbitt, R. R. No. 2, Shannon, N.B., writes:—"Last Fall my little boy took very bad with diarrhea and before I knew it he was passing blood. I went to our medicine case and gave him a dose of

and a little later gave him another, and half an hour after the second dose he got relief and by the time he had taken six doses he was like a different child."

This wonderful bowel complaint remedy has been on the market for over 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Mrs. Littleflat—Tilly, you've left my lingerie scattered all around this room and I'm expecting company any minute.

Tilly, the Maid—That's all right, ma'am, I'll keep my eye on 'em and see they don't pinch nothin'.

Good-bye Asthma. Persons suffering from that extremely trying trouble known as asthma know what it is to long with all their hearts for escape as from a tyrant. Never do they know when an attack may come and they know that to struggle unaided is vain. With Dr. J. D. Kellogg's Asthma Remedy at hand, however, they can say good-bye to their enemy and enjoy life again. It helps at once.

Kritik—Do you think you've improved "Richard III" much by re-writing it?

Playsmith Sure. It was way out of date. For instance, where Richard hollers, "A horse! A horse! My kingdom for a horse!" I have him shout, "A plane! A plane! My dictatorship for a plane!"

The Poor Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Eclectric Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

Woodpeckers and literary critics make their living by picking holes in things.

Headache? Relieve with Minard's Liniment.

Fine Shipment of Herefords

Range Cattle From Alberta Bring Large Sum in Chicago

Ninety-three head of dry cows from the McIntyre ranch in Alberta were recently consigned to Chicago in exchange for a \$10,000 cheque. Cattle-men looking over the shipment claim that it is one of the finest lots of range cattle ever forwarded from Calgary. The heaviest animal in the lot tipped the scales at 1,700 pounds and the ninety-three averaged 1,350 lbs. These cattle come from one of the few remaining old-time ranches which is running a herd of upward of 5,000 Herefords.

Any Woman Can Look Stylish

By MAE MARTIN

Most stylish looking women know simple ways to make last season's things conform to this season's styles. Thousands have learned how easily they can transform a dress or a blouse, or coat, by the quick magic of home tinting or dyeing. With true, fadeless Diamond Dyes, anyone can do this successfully. The "know-how" is in the dyes. Diamond Dyes don't streak or spot like inferior dyes. New, fashionable tints appear like magic over the out-of-style or faded colors. Tinting with Diamond Dyes is as easy as bluing, and dyeing takes just a little more time. Only Diamond Dyes produce perfect results. They have been perfected by over 50 years' experience. Insist on them and save disappointment.

"Color Craft," my big new book of dollar-saving hints, will be sent you FREE. Write Mae Martin, Diamond Dyes, Windsor, Ontario.

Many Planes in Pageant

Thousands of People Attended Air Mail Service Inauguration

The first aerial mail service between Canada and the United States was inaugurated October 1 at St. Hubert aerodrome, near Montreal, where a great aerial pageant, in which fifty planes took part, commenced at 9 o'clock in the presence of thousands of spectators. Planes of every size, even every color, Moths, Reid Ramblers, Swallows, Cabin-type, Vickers-Fairchild, Stinson-Detroit, Avro Avian, as flown by Hinkler from England to Australia, Leoning Amphibian, Piteairn Mailwing, tri-motor Ford, and, the most interesting of all, three Siskin fighters, participated in the evolutions. The Siskins were sent by the Royal Canadian Air Force, and are reputed to be the most deadly warring machines in existence.

Wife (reading the paper)—"It says here that a London man boasts he has had an umbrella for 20 years." Her Husband—"That's long enough. He ought to return it."

The Oil for the Farmer.—A bottle of Dr. Thomas' Eclectric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

China's new warship is called "Peace." Hereafter it will be conceded that the Chinese understand a joke.

CUTICURA HEALS SKIN TROUBLE

Sore Eruptions Broke Out Over Face, Itched and Burned.

"My trouble began with little, sore eruptions which broke out all over my face. They itched and burned so that I always wanted to be scratching, and when I scratched them they got larger and then dried up. Some nights I could not sleep very well."

"I tried other remedies but they did not help me. I had the trouble over five weeks when I began using Cuticura Soap and Ointment, and in two weeks I was healed." (Signed) George W. Herschuk, Box 55, Chipman, Alta., Oct. 8, 1927.

Daily use of Cuticura Soap, with touches of Cuticura Ointment as required, keeps the skin fresh, smooth and clear. Cuticura Talcum is an ideal toilet powder.

Sample Soap Free by Mail. Address Canadian Dept., "Shampoo, Ltd., Montreal." Price, Soap 3c, Ointment 2c and 5c. Talcum 3c. Cuticura Shaving Stick 25c.

SPIRITUAL GIFTS

Golden Text: "Now abideth faith, hope, love, these three; and the greatest of these is love."—I Corinthians 13.13.

Lesson, 1 Corinthians 12-14.
Devotional Reading: 1 John 4.7-16.

Explanations and Comments

Spiritual Gifts are Diverse, But the Spirit is the Same, 12.4-7.—There was rivalry among the Corinthians as to which of them possessed the greatest gift for God's service. "The tendency at Corinth was to estimate spiritual gifts by their showy rather than their solid character." The reverse was Paul's way.

"The things we consider most remarkable may, after all, be least important. An ecstasy is pleasant, but strength to endure with fidelity is more significant. The touchstone and test of our Christianity is our avowal of Jesus Christ. If in our souls we own him Lord we are possessed of the Spirit of Life." (John Gardner.)

There are different gifts, Paul wrote the Corinthians, but the same Spirit reveals himself in them all; there are different ways of ministration, but back of them all is the same Lord; there are different sorts of activities, but they are all wrought by the same God. To each one is given his manifestation of the Spirit for the good of others.

Then in verses seven to eleven Paul mentions various spiritual gifts and repeats that, different as they are, they are alike in source, the Spirit apportioning them as he wills. Paul does not disparage spiritual gifts, he realizes their value, but he realizes also the need of unity and co-operation in the church, and this he enforces in verses 12-30, by his figure of the body and its members; as all of the members are different but essential to the body, so it is with the church and its members.

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

Teeth and Health

Issued By The Canadian Dental Hygiene Council and Published By The Saskatchewan Dental Society

TOOTH TURNS BLACK

Your white pearly teeth have perhaps excited the admiration of your friends and your pride in them is fairly pardonable.

But one day a tooth that you had been intending to have "fixed" ceased to bother you until by and by you noted with some little alarm that this tooth was quite dark in contrast to its fellows.

Or, perhaps, your dentist because of your neglect found it necessary to remove the pulp from a tooth, following which operation you found with some dismay that it had changed color, and noticeably so.

Now, what has caused it? Contrary to your idea, possibly, a tooth gets its shade, not from the outer enamel covering, which is almost colorless, but from the array of colors in the underlying body of dentine.

As a sequence to pulp death and decomposition, we have a disintegration of the blood elements with the production of pigments or color compounds. These permeate the dentinal structure through its many little tubuli and are reflected through the almost transparent enamel, giving the tooth its shade; this is the principal source of discoloration.

A less frequent cause is from the use of remedial agents employed in tooth treatments, many of which have the property of staining the dentinal substance.

Now, unfortunately, as you can see, all of the scouring that you may do is of no avail—like the historic spot of "Macbeth"—it will not "out."

However, your dentist by employing bleaching agents within the tooth cavity can with fair success restore the shade, if the discoloration has not remained too long.

BUYING AT HOME

Do buy at home editorials have effect? Should the responsibility for increased buying out of town be placed on the newspaper? We submit it should not be. The merchants and business men, from our experience, first practised this little habit of buying out of town. Now it has grown to huge proportions. It is not the newspapers duty to flail its readers every once in a while because they buy out of town. The merchants and business men should use space to do that. Why make the editor the squinting gun?

The mail order houses work to a plan. New catalogues are scattered over the country and mid-winter sales are conducted to get what cash may have been left over from Christmas. Usually the mail order houses beat the merchants to the January Clearance sales. Then again in April the catalog houses stage a Spring sale,

this being a mid-season time when the merchants are not advertising heavily. Again in July the merchants are advertising light in most places and again the mail order fellows get in their work.

During the fall most catalog houses go easy on advertising. The local merchants are going after holiday business with a vengeance at that time of the year and the mail order houses know that it would be a waste of money trying to combat that kind of competition. However, as soon as the Christmas drive is over the catalog house again comes out in the open because it knows the merchants intend to rest from advertising for a while.

If the merchants could only learn to advertise steadily, even though they have to cut down the size of their space some time and if they would constantly keep their name before the people of their community, they would give the mail order houses real competition and would do more good than all the "Buy at Home" editorials that might be written.

The "Rubbering Editor"

Roses are red—
Pearls are white—
I seen 'em on the clothes line
Just the other night.

—Kilham News.

It's hard to tell in the moonlight;
Thy may not be as you think.
Take a look in the day time.
And you'll find they're "pretty pink."

Westinghouse Radio Suits Canadian Conditions

6-tube Console \$167.00.

THE Radio Set that lacks in sensitivity is useless in many parts of Canada.

In the Westinghouse Receivers sensitivity has been developed to the full possibilities of present day Radiotrons. More than that, the 6 tube Westinghouse Models have power in abundance—reserve power to bring in the very distant stations with clarity and reasonable volume.

Extraordinary sensitivity is the result of the combined laboratory engineering of Westinghouse Radio and Radiotron Engineers to create the perfect radio receiver for Canadian conditions.

Canadian Pacific Directors & Eastern Financiers Inspect the West

From left to right, front row:—F. W. Molson, director; Sir Charles Gordon, president Bank of Montreal; Sir Herbert Holt, director C.P.R. and president Royal Bank; E. W. Beatty, chairman and president; N. W. Tilley, K.C., director; W. A. Black, president Ogilvie Milling Co. and director; Col. Henry Cockshutt, president Cockshutt Plow Co. and director.
Standing:—Mr. Beaudry Leman, general manager Banque Canadienne Nationale; D. C. Coleman, Vice president Canadian Pacific western lines; Dr. W. W. Chipman, Montreal; James A. Richardson, director, Winnipeg; Ross H. McMaster, president Canada Steel and director; W. J. Blake Wilson, director, Vancouver; Hon. Smeaton White, president Gazette, Montreal. This group was photographed at Banff Springs hotel.

One of the most outstanding groups of eastern business men that ever visited western Canada together accompanied Mr. E. W. Beatty, chairman and president of the Canadian Pacific on his recent annual tour over the company's western lines. The party which was representative of the financial and industrial activities of all Canada left Montreal at the end of August and spent a full month travelling about the country between Montreal and the Pacific coast.

The purpose of the tour was to become more conversant with western conditions and problems—and more particularly to visit The Peace River country, most of the party never having been there before.

The party returned east with optimistic views regarding the entire country visited.

"I have never seen the country looking better at harvest time," said Mr. Beatty on his return, "and in all my experience I have not previously found so general a feeling of complete confidence in this country and its possibilities as was observed in the cities and districts where we made stops and had an opportunity of talking things over with their representative citizens. More than ever am I impressed with the potentialities of Canada's north land. I think it almost not too much to say that Canada's future lies to the north and that the opportunities already discernible there are a challenge to the oncoming youth of the older parts of the country."

"We had an excellent opportunity of learning this," said Mr. Beatty, "during our visit to the Peace River country which most of us had not previously seen. As a result of that visit we have arranged to take over the E.D. & B.C. Railway, which arrange-

ment, I believe, will prove very greatly to the advantage of that country and the people who live there."

"It is a beautiful as well as a fertile country," continued Mr. Beatty. "I can perhaps liken it best of all to some parts of old Ontario. It is a rolling country, in some places quite heavily wooded and much broken by lakes and rivers. The soil is generally a rich, dark loam and highly productive, and although there is a steady movement of settlers into the area, it will no doubt increase in volume as it becomes better known, its extent is so great that it must be years before the available land is all taken up. Our party took every advantage of the opportunities offered to see the country. We motored over three hundred and fifty miles of its excellent roads, and almost everywhere we found fine farms or newly broken prairie land, and in some cases well settled communities. It was every appearance of prosperity. In town and out alike we met with a cordial welcome and a friendly visit was taken as a friendly gesture of interest on the part of the East towards the new 'Old West' of the West. We motored over the British Columbia border near Kamloops as well as far north as Prince Rupert and still feel we did but touch the edge of the great north."

"It is hardly possible to say what the next few years will bring to that country, but we must remember the fact that there is a new Canada being opened up beyond what we have previously considered to be the northerly limit of habitation and production. We believe that we shall very shortly be able to go to work on the task of putting the E.D. & B.C. Railway into better shape to serve the communities it reaches. Much money will have to be spent in order to bring it up to standard and it will also take some time."

Red Rose Orange Pekoe is the finest
tea in the best package—Aluminum

The Progress of Canada

Canada is forging steadily, even rapidly, to the front among the nations of the world. In all things material it is making great growth. Its trade, both domestic and foreign, is expanding as never before, and as a result every branch of industry is active. The country has just harvested one of the largest crops in its history, mining discoveries and operations are proceeding on an unprecedented scale, factories are working overtime, building operations in all provinces are reaching totals hitherto unrecorded, with the result that employment is general, wages good, and population increasing.

Important and gratifying as this material growth and prevailing prosperity is to our people, a much more vital matter to Canada is whether the Dominion is likewise making progress in those other directions which are essential to the upbuilding of a nation in the truest sense. Are the Canadian people becoming merely a nation of money-seekers, measuring their success in terms of dollars and statistics recording economic development and growth, or are they utilizing the larger advantages and increased power which material prosperity is conferring upon them to encourage and develop those arts and characteristics which stamp a people as truly advancing to greatness?

We believe signs generally point to the fact that the people of Canada are, taken as a whole, more intensely interested today in the spiritual, intellectual, moral growth of their country than at any previous period; that, in fact, they are deeply concerned, and very determined that the national ideals and character shall be maintained at a high level.

The widespread interest in and discussion of the subject of immigration is but one manifestation of this spirit. Considered solely from a material standpoint it would probably pay Canada to enormously increase its population just as rapidly as possible. Economically Canada would probably gain by absorption by the United States. But Canadians are insistent that quality rather than quantity shall be the governing factor in our immigration policy, and it would be hard to muster a corporal's guard of outstanding men who favor the policy of United States annexation.

Throughout Canada increasingly sympathetic attention is being given to the assimilation of the non-British peoples within our borders into the Canadian family. Here and there people may adopt an unfriendly and unfair attitude towards these people, and to that extent retard the good work, but they are exceptions to the generality of Canadians. More and more it is being realized that these people are making a real contribution to the national life of Canada, bringing to us music, poetry, traditions and handicrafts which are enriching this Dominion.

The increased attention being given to musical festivals and symphony orchestras, to the establishment of art galleries and museums, to scientific research, to literature and the rapidly increasing number of libraries, and to the steady improvement in Canadian magazines and publications of a better class, all go to prove that the people of Canada are not wholly materially minded.

The wonderful success which has attended the application of co-operative principles in the solution of production and marketing problems, and in the provision of public services for the use of all the people, is having its inevitable effect upon the minds of all people. To an ever increasing extent they are beginning to realize that if through loyal co-operation they can remedy material evils and advance their individual and corporate welfare, through the acceptance of the same principles and their application to all phases of community, provincial and national life they can greatly advance the welfare of the country as a whole.

Co-operation is better than competition or antagonism. Sympathetic consideration and helpful co-operation is better than hatred and the maintenance of bitter animosities. In the practical work of co-operation the Canadian people are learning that there are two sides to almost every question, that people who may differ with you are just as sincere as you are, that the road to ultimate success and the greatest good to the greatest number lies along the path of friendly compromise rather than in continual enmity and warfare.

Canada's progress is, therefore, a well balanced progress, and because of this gratifying fact the people of the Dominion may look to the future of this very gratifying fact the people of the Dominion may look with unbounded confidence to the future of their great country.

A torch has been devised that can cut steel in a sunken ship at any depth.

She—"I've been trying to think of a word for two weeks."
He—"How about fortnight?"

Poverty is no disgrace. At least it is better than being a multi-millionaire with chronic indigestion.

Speaking of serious reading, how is this from the bank, "Your account is overdrawn."

Reduce the Acid

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour.

Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

To Aid Farm Workers

Clearing House to Furnish Winter Farm Employment May be Established

While no definite decision has been reached yet, a central clearing house, from which British miner-harvesters will be furnished winter employment may be located in Regina. The establishment of such a bureau, though not necessarily in this city, is expected to be the outcome of a conference held at the Parliament Buildings, Regina, on September 12, attended by representatives of the Federal and Provincial Departments of Colonization, those of the two great railways, the Government Labor Service and the United Farmers of Canada, Saskatchewan section.

RHEUMATIC MISERY

Relief Can Only Come Through Better Blood—Liniments of No Use.

In no other disease does the blood become thin so rapidly as in rheumatism. Not only does it become thin but it is loaded with impurities—rheumatic poisons. Without the proper treatment these poisons increase, the inflamed joints swell and the patient becomes a cripple. Most treatments simply aim to keep down the pain, hence with every unfavorable condition a renewed attack follows.

To cast out rheumatism the blood must be enriched and the rheumatic poisons driven out with the natural secretions of the body. This can best be done through a course of Dr. Williams' Pink Pills, which have a specific action on the blood, giving it new richness and redness. Thousands have tried this treatment with beneficial results. That every sufferer from rheumatism who does not try Dr. Williams' Pink Pills is neglecting the most hopeful means of recovery is shown by the statement of Mr. David Carroll, Pictou, N. S., who says:—"For years I was troubled with rheumatism. The pains were not continuous, but they always returned, and kept getting worse. I tried so-called electric belts and many medicines, but did not get more than temporary relief. Only those who have suffered from this trouble will realize what I suffered at times. I had begun to despair of getting better when a friend urged me to try Dr. Williams' Pink Pills. In a short time I could feel this medicine helping me so I gladly continued taking the pills and soon found that every trace of the trouble had disappeared and there was a great improvement in my general health. It is now two years since I took Dr. Williams' Pink Pills and I have not had the least twinge of the trouble in that time. That is why I confidently recommend the pills to other sufferers."

You can get these Pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Company, Brockville, Ont.

Canadian Amateur Golf Championship

Will Be Held at Jasper Park Lodge Next Year From August 19 to 24

Authentic information was received at Jasper National Park by the visiting Senior Golfers from Great Britain that the United States National Amateur golf tournament will be held next year over Pebbles Beach, Calif., from September 2 to 7. With these dates now definitely assured it is also possible to state positively that the Canadian Amateur championships will be held over the Jasper Park Lodge golf course next year from August 19 to 24. The defining of these two important dates in the golfing program for 1929 leaves an interval of a full week between the Canadian and U. S. Amateur events and it is more than likely, therefore, that the Canadian championships will attract a large number from the gallery of stars in the United States and other countries who will be westward bound for the U. S. event. Should these hopes be fulfilled, and every effort is to be made by the Royal Canadian Golf Association and the Canadian National Railways to bring them to fruition, the 1929 Canadian Amateur championship will be the greatest event in the history of golf in Canada.

If a huge cistern, large enough to cover Trafalgar Square and as high as Nelson's column, were built as a water-tank, London would empty it twice daily.

We have often wondered, in our innocent way, whether the inventor of the telephone booth also designed the breakfast nook.

"POKER HANDS"

How French Police Work

Use Soundless Whistles to Give Alarm to Headquarters

Policemen in most of the large French towns can summon help without being heard. They are supplied with whistles whose notes are far too high-pitched for the human ear to detect. These inaudible sound waves are picked up by microphones skilfully camouflaged throughout the city, and an alarm is flashed to central police headquarters.

A policeman who sees a burglar at work can summon reinforcements without alarming the suspect. He can, too, direct the sending of aid in Morse code by using the soundless whistle.

Tombstone Dealer (after several futile suggestions): How would just a simple "Gone With Me" do for an inscription?

The Widow: I guess that will be all right. It was always the last place he ever thought of going.

What would really have settled the whole thing is for Mr. Kellogg to have written into his peace pact that no nation engaged in war could borrow money of the United States.

Headaches

For a headache, however painful, inhale a little Minard's and bathe forehead. Speedy relief.

The House of Lords, England, may transact certain business when there are only three members present, not necessarily including the Lord Chancellor.

Demand

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

CHAPTER II—Continued.

Fresh from his exercises and shower, his cheeks red, his dark eyes shining with the clear glow of health, his step springy and free, Donald was a picture of rugged health and strength. But for all this apparent outward brightness, inwardly he felt rebellious. Douglas' invitation had brought a great longing for the comforts of his past life. Why should he assume the role of a pugilist to eke out an existence? Why wear shabby clothes and even know the pangs of hunger? He had but to wire his father that he was destitute and plenty of money would be forthcoming.

A big steak at "Old Joe's" furnished him a hearty meal. As he selected the money from his meagre supply of cash to pay his check, Old Joe bent his grizzled head forward. "Don't go hungry; come in any time."

"Thanks, Joe."

Donald was in a dark mood. He heard the sound of happy laughter coming from a saloon on the corner. There behind those swinging doors was momentary recess from worldly cares. He stood in the door of the restaurant and looked across the Inlet at the twin peaks, known as the "Lions," which guard the entrance to Vancouver's harbor. The sun was setting in a mass of fleecy clouds; the clouds became a luminous gauze, and a golden splendor spread over the water. The mountains were suffused in violet, while the snow-fields took on a faint stain of rose. Donald's face glowed as he watched.

"Some country!" he breathed. He turned to catch a friendly smile from Old Joe as he worked over his range. "And some people!" he added fervently.

Once more he turned to the mountains. The glow had vanished and the Lions stood in bold relief against the

MEDICINE FOR YOUNG GIRLS

Mothers Endorse Lydia E. Pinkham's Vegetable Compound

Sydney, N. S.—"My seventeen year old daughter took Lydia E. Pinkham's Vegetable Compound for weakness and pains. She could not go about much with the other girls as she was not strong enough. We got six bottles and it did her a great turn. She's working out now in a store and walks three miles every morning and back in the evening."—MRS. MARY VANCE, 44 Langan Road, Sydney, N. S.

Pinewood, Ont.—"I constantly had pains in my back and side and spent two days in bed every month. I have taken three boxes of Lydia E. Pinkham's Vegetable Compound Tablets. They have done me good and I always have them in the house. I have recommended your good medicine to several friends and have given it to my 17 year-old girl."—MRS. ALFRED OUELLETTE, Pinewood, Ontario.

W. N. U. 1754

clear sky. The massive snow-capped peaks seemed to impart a new strength to his being. "I'll not quit. I'm going to make good," he said grimly.

CHAPTER III.

While on his daily run around Stanley Park the next afternoon Donald was attracted by a horse and rider standing on Prospect Point. The rider was interested in a huge white liner plowing her way through the Narrows, bucking a head tide. The horse, a noble animal, with full mane and tail, was restive, rocking and prancing in his eagerness to be off.

When Donald lifted his eyes to the rider he saw a beautiful, haughty face with skin of a milky whiteness, a heavy mass of dark brown hair, neatly coiffed under a trim riding hat, and a pair of wonderful brown eyes that suddenly grew cold.

A shower of dirt and pebbles stung Donald's face as the horse was swung about as though on a pivot and with its rider was off like a wind.

"A thoroughbred," he exclaimed, as he watched the rider until she turned a corner in the drive. "Two of them! And she thinks I am a low-down masher," he added ruefully.

That afternoon he went through fifteen rounds of boxing, finishing strong and fresh to tackle pulleys and punching-bag.

Andy was joyful. "It will never go twenty rounds, me lad. That straight left of yours alone would stop 'im in 'arf that time."

"This is my last day of road-work," remarked Donald to his friend on Friday afternoon, as he slipped on his running shoes.

As he and Douglas neared Prospect Point Donald's thoughts turned to the girl of yesterday. "She was haughty as a princess." Unwittingly he had spoken his musings aloud.

"What's that?" queried his companion.

"I was talking to myself," laughed Donald.

"Bad sign! You are either in love or old age has overtaken you. Too bad!" Douglas wagged his head sadly.

"I may as well tell you," confided Donald; "I saw a Greek goddess mounted on an Arabian charger yesterday."

Douglas threw out his hand tragically. "Donald, my poor friend! I am afraid that I hit you too hard in that last round," he said in a voice of mock compassion.

Donald stopped short. "Look!" he cried, pointing excitedly, "there she is!"

"I'll be jiggered!" exclaimed Douglas.

"Don't blame you, but isn't she a peach?" said Donald admiringly.

Douglas burst out laughing. "Do you know who that is?" he asked with a peculiar inflection.

"I told you — a Greek goddess, mount."

"That's my sister, Janet," interrupted Douglas.

Donald's mouth opened. He stared at his friend. "Your what?" he exploded.

"Oh, I forgot! Poor fellow!" said Douglas, solicitously, as his face assumed a mournful expression. "I'll certainly have to pull my punches hereafter." He leaned toward Donald and placed his lips close to his ear.

"S-i-s-t-e-r," he spelled slowly. "Does the old bean grasp it?"

"Cut the comedy," growled Donald, as he jerked Douglas to the side of the road out of sight of the equestrienne. "Good heavens! Your sister!" he groaned, "and she thinks I am a masher."

"Why should she think that of you?"

Donald told him of yesterday's occurrence.

"This is great!" chuckled Douglas. "Come and meet my sister, Donald. I'll tell her that you can't help flirting, and that will fix things up all right. I'll call her." He grinned facetiously.

"Don't you dare! You —" Donald warned.

Douglas avoided Donald's wild clutch, ran to the centre of the road and waved his arm.

"Oh, Janet," he shouted.

Donald shook an angry fist at his tormentor and sprang to the shelter of the trees. There was a thud of hoofs, a spattering of gravel, and the sound of creaking leather.

"What in the world are you doing

here in that dress, Doug?" asked Janet.

"Janet," said her brother in a low, mysterious voice, "I've got the fellow that tried to flirt with you yesterday; he's in there." He pointed to the bush.

"The poor fellow is a confirmed flirt; has it in its worst form. I beg of you, Sister, be lenient, be merciful. He thinks you are a Greek goddess." He tapped his forehead significantly.

Donald cursed the irrepressible youth's sense of humor. If he could have reached the humorist at that moment he would have pitched him into the Inlet without compunction.

Janet eyed her brother with disapproval. "What are you talking about, Doug? Have you taken leave of your senses entirely?"

"I will bring forth the erring knight for you to censure," rejoined her brother, bowing low in exaggerated deference. "Ho!" he shouted, leave thy woody bower, Sir Don, the goddess awaits thee."

Seething inwardly, Donald tried to appear dignified as he stepped to the road, but the attempt was a dismal failure. How could one approach anything like dignity when dressed in a pair of running trunks, a torn and frayed jersey, socks turned down over a pair of dirty tennis shoes, and without hat or coat? All this added to the fact that he faced a battery of two big brown eyes, who thought him a masher. The greatest actor in the world would fail to register dignity under such conditions. He had a confused remembrance of a jumble of words that went for a formal introduction. He felt his face hot, and knew he was blushing furiously, which did not add to his composure.

The girl looked down curiously, but not without interest, at the embarrassed young man.

Donald finally mustered courage to glance up at the face above him. The deep brown eyes regarding him held just a trace of humor. The full red lips were parted to show a flash of white, even teeth.

"It is a pleasure to meet you even under such inauspicious circumstances," stammered Donald. He turned to glance at the grinning cause of his discomfort. "I would suggest, Miss Rennie, that you have a doctor waiting at your home, as I intend to commit mayhem on the person of your brother as soon as you have gone."

(To Be Continued.)

A PROBLEM FOR YOUNG MOTHERS

Stomach troubles cause most of the distress of babyhood and childhood, and are the greatest problem that a young mother has to solve. The treatment for these digestive disturbances that make baby cry continually and disturb his sleep must be quick and effective, and, above all, perfectly safe.

The absolutely safe treatment for disturbances of the stomach and bowels is found in Baby's Own Tablets. Thousands of mothers have had their problem solved through them. They are guaranteed to be free from all injurious drugs and cannot possibly do harm to even the youngest babe — they always do good.

Baby's Own Tablets regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and promote that health-giving sleep which is so necessary to the welfare of the baby or growing child. The Tablets are sold by all medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Miss Olive Williams runs an aviation school on Long Island and already has 150 men in her classes. She teaches mechanics, engineering, airplane construction and navigation, as well as mere piloting.

Little Helps For This Week

"Thou hast dealt well with Thy servant, O Lord, according unto Thy word."—Psalms cxix, 65.

Beneath the splendor of Thy choice, Thy perfect choice for me I rest; Outside it now I dare not live.

Within it I must needs be blest. Jean Sophia Pigott.

I would rather be what God chose to make me than the most glorious creature that I could think of. For to have been thought about, born in God's thoughts, and then made by God, is the dearest, grandest, most precious thing in all thinking. George MacDonald.

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-worm infant.

Tourists Aid Development

The tourist is often the forerunner of the homemaker and investor. He visits the country and sees with his own eyes the character of its people and resources, and if he later returns to settle or invest he is able to do both in a more satisfactory manner.

Minard's Liniment—Popular for 50 years.

There is in Fifth avenue, New York a 12-storey apartment building in which every door knob is gold plated. In one flat every hinge, door handle and key is of gold.

Isn't it funny how people entirely without principle manage to draw so much interest?

THE EASY WAY

Thousands need cod-liver oil to increase vitality and build up resistance.

Scott's Emulsion

is the easy and pleasant way to exact the most out of cod-liver oil to reinforce your body with strength to build resistance.

EVEREADY Radio Batteries

—they last longer

Try It Yourself, Too!
You Can See Why a Layerbilt Lasts Longer

We would hardly advise you to tear up a new Eveready Layerbilt to find out why it lasts longer—but after you have finished one of these batteries, pull it apart!

You'll see how solid with current-making elements it was, and how evenly the wide plates of carbon and zinc wore away, giving the last bit of energy before your Layerbilt finally "signed off."

You'll marvel at the great improvement over the old types of batteries with their round cell construction—and we know that you'll be satisfied that the long life and economy of your Layerbilt was not just a lucky accident or a mystery, but a certainty of long service and economy based on scientific construction, which you can count upon with every Eveready Layerbilt "B" Battery.

BRITISHERS LIKE CANADA

Two British harvesters who worked on a Manitoba farm for the harvest, have pooled their wages and bought a quarter section from the farmer for whom they worked. They are Jack Wilson and Fred Wells, both of Durham, England. Wilson is leaving for England to bring out his family and Wells' sweetheart, and make their home and future as Canadians.

LITTLE ITEMS OF LOCAL INTEREST

Wallace Smith, Editor of the Basano Mail, and H. Birch of Cluny, were Carbon visitors last Sunday.

Mr. and Mrs. S. F. Torrance were Calgary visitors last Friday and returned on Saturday.

G. W. Malton is the owner of a new Auburn car.

Very little grain is being hauled in to town this week on account of the elevators being practically filled to capacity. There is a shortage of railway cars all over the west this year and everywhere reports come in that the elevators are plugged. The reason for this state of affairs is because the farmers have entered an age of wheels and can now transport their crop to the elevators in such a short time, but the railways have been unable to find a means in which to improve their service and probably won't for many years to come.

There will be a Masonic Service at the United Church on Sunday next at 3 p.m. Rev. C. B. Oakley will be the speaker. Public cordially invited.

The Service at Gamble will be at 1.30 instead of the usual hour of 2.00.

The usual service at Carbon at 7.30 p.m.

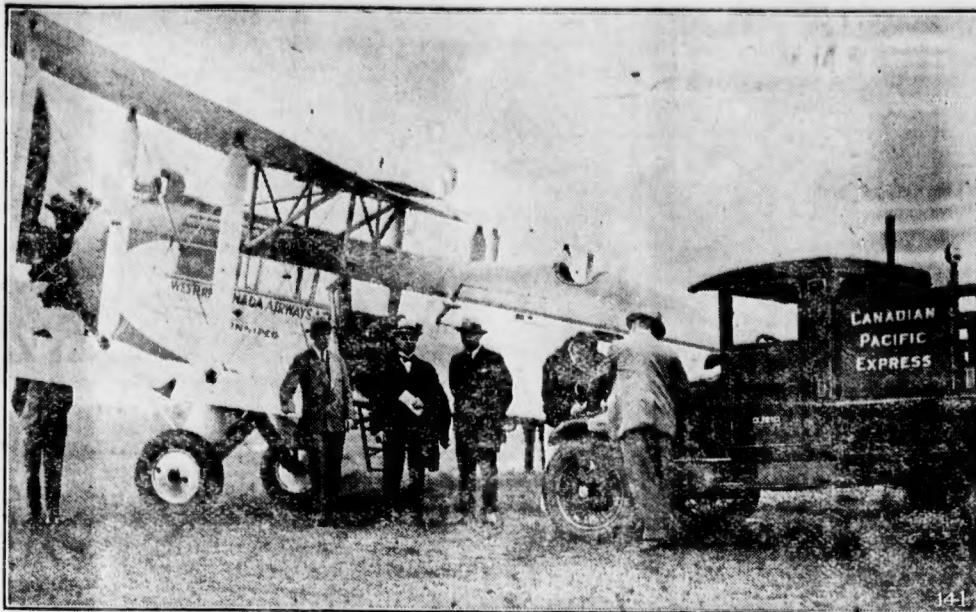

A. W. I. MEETING

All ladies of the Carbon district are cordially invited to attend a meeting in the Farmers' Exchange Hall on Thursday, Oct. 16 at 2.30 p.m. sharp.

Mrs. (Dr.) Gibson of Drumheller, who is the convener of the Alberta Women's Institute for this district, will conduct the meeting.

The A. W. I. is undenominational and everyone is welcome. The meeting will be very interesting as well as instructive, so please come and bring your neighbors.

READ THE ADVERTISEMENTS

Distance, so far as the Canadian Pacific is concerned appears to be measured no longer in miles. Time is the important factor and, at least in respect of package goods, the Canadian Atlantic and Pacific coasts are drawing closer each year. Here, Captain Brintnell is signing for Canadian Pacific express packages to be carried over the airway between Winnipeg and Calgary. For several months the Company has operated an air service between Rimouski, Quebec, Montreal, Ottawa and Toronto. The new link in the air chain was forged under auspices of Premier Bracken of Manitoba.

DOMINION OF CANADA
REFUNDING LOAN BONDS

MATURING 15th OCTOBER, 1928

TO INVESTIGATE MARKETING OF CANADIAN WHEAT

Winnipeg. — Conditions surrounding the marketing of the wheat crop are the main concern at present of W. R. Motherwell, federal minister of agriculture, who was here in connection with departmental business.

Immediately following his arrival in the city, Mr. Motherwell went with the Board of Grain Commissioners to the Grain Exchange for a meeting with the inspection staff. He spent a day at Fort William inspecting the handling of grain there. The minister indicated that investigation into some conditions pertaining to the marketing of Canadian wheat was in progress, partly as a result of complaints which he had heard in the British Isles during his recent trip in connection with the marketing of last year's crop.

In his investigations abroad, Mr. Motherwell was guided by the relation of Canadian production and trade to that of the countries he visited, keeping a sharp lookout for methods which might be applicable in Canada, and opportunities for marketing of Canadian products. He found in the British Isles a strong sentiment for empire products, built, as far as Canada was concerned, on proven quality. He intimated that Canada could market four or five times as much dairy produce by doubling her production, and exporting the surplus over consumption.

While in Winnipeg, Mr. Motherwell plans to visit the Rust Research Laboratory at the Agricultural College, and he will consult the members of his staff in the various branches of the department here.

Arrest Train Bandit

Robber Of Ontario Mail Car Offered No Resistance

Windsor. — Three hours after a mail car had been rifled of Canadian currency estimated at about \$40,000, John Gibbs, 20, said to come from Los Angeles, Cal., was arrested by the local police on the Detroit River train ferry and landed in the goal here. According to authorities here he has admitted his guilt. When taken into custody he was carrying two pistols but offered no resistance to the officers.

The robbery was a most daring one the lone bandit holding the mail clerks helpless at the point of a revolver while he calmly looted the car.

Zeppelin Makes First Trip

Paid Friendly Visit To England and Returned To Berlin

Berlin. — After paying a friendly visit to England, the new German dirigible Graf Zeppelin returned to Berlin. As the huge airship soared over the city in the bright sunshine thousands flocked to the streets and saw it describe a graceful loop over Wilhelmstrasse. Flowers for President Von Hindenburg, attached to a small parachute, were released as the airship passed over Executive Palace, but they were carried six blocks beyond the building.

Find Victim Of Plane Crash

Port Angeles, Washington. — The body of Dr. E. Holden, of Victoria, B.C., one of the seven victims of the ill-fated Victoria-Seattle plane which disappeared while en route to Seattle August 25, was found in Port Angeles harbor. The body was headless and badly broken. It was the fourth body of the seven in the plane to be found. The plane itself has never been located.

To Open Office In Peru

Ottawa. — G. R. Stevens, Canadian Trade Commissioner in South Africa, has arrived in Canada en route to Peru, where he will open a new office with jurisdiction over Peru, Bolivia and Ecuador. Prior to his departure for South America, Mr. Stevens will visit manufacturing centres of Canada in connection with Canadian exports to his former territory.

W. N. U. 1754

Fire Takes Four Lives

When Farm House Near Brandon Was Completely Destroyed

Brandon, Man. — Four persons were burned to death when the farm home of Alex Wilson, near Moore Park, Man., was destroyed by fire.

The dead: Mr. and Mrs. Alex Wilson, Mervin Wilson, their son, and Miss Sarah Wilson, Mr. Wilson's sister.

The fire was discovered by I. M. Harrison, a neighbor, when he was awakened by the reflection of the flames upon his windows. He put on his clothing and rushed out to discover that the Wilson house was on fire. The blaze was too far advanced at the time to permit rescue work.

W. E. Mann, general storekeeper at Moore Park, father of Mrs. Wilson, was also quickly on the scene, but the heat was so intense that he could not get near the building.

All of the bodies were recovered. The cause of the fire is a mystery. The barn, garage and other buildings on the farm were unharmed.

Exhibit For Royal Winter Fair

Saskatchewan Will Send Fifty Of Its Best Horses

Regina. — Fifty horses, the pick of the Clydesdales, Percherons and Belgians in the province, will represent Saskatchewan at the Royal Fair, Toronto, in November, it was decided at a meeting of the livestock board held recently.

While many selections have yet to be made, both in horses and other classes, the board has definitely decided that the following will exhibit:

Clydesdales: — The Experimental Farm at Indian Head, the University of Saskatchewan, John Falconer, Govan, and Mrs. W. H. Bryce, Donne Lodge, Arcola.

Percherons: — C. M. Rear, Regina, Robert Weir, Weldon; George Doar and Sons, Stony Beach.

Belgians: — C. M. Rear, Regina, Robert Thomas, Grandora, Andrew Nolan, Rouleau.

In the horse exhibits from this province there will be 20 Clydesdales, 15 Belgians and 15 Percherons. Many other exhibitors are yet to be named.

Odd Accident To Airplane

Making Forced Landing Was Carried Out Over Lake

Ottawa. — An unusual forced landing at Black Lake, Que., in which the pilot and four passengers escaped uninjured, has been reported to the air board by the Canadian Transcontinental Airways.

Engine trouble forced down a plane piloted by I. Vachon. An effort was made to land on the ground but the momentum carried the machine out on the water. A serious accident was only avoided because it was of amphibian type it was stated. The left wings of the air craft were slightly damaged.

Farmers To Hold Meeting

Saskatoon, Sask. — Some 400 farmers who specialize in the breeding of horses, cattle, sheep, and swine will gather in Saskatoon on January 22, 23 and 24, when the Saskatchewan Livestock Association, with all its sections, meets in annual convention. Sessions will be held in the King George Hotel here, and there will be numerous meetings on the different aspects of stock farming in the province.

Premier King Returning

Ottawa. — Premier Mackenzie King will sail for Canada on or about the 19th of this month, according to word received here. He will probably be accompanied on his return journey by Hon. C. A. Dunning, minister of railways; and Hon. Raoul Dandurand, government leader in the senate.

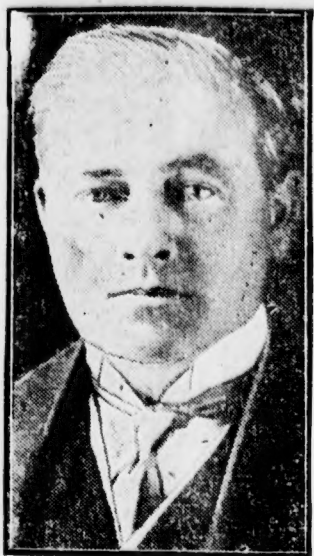

Finds Lost Scout

Windsor, N.S. — Col. Collins, South African delegate to the Empire Parliamentary Association, discovered W. Muncey, missing Canadian scout of the Boer War, whom Collins has been seeking all over Canada, resides at 1233 27th Avenue, Vancouver.

Eliminate Level Crossings

Toronto. — With the object of eliminating every level crossing in Ontario the provincial department of highways is having an official report made on every point where railway lines cross one of their highways.

POLICY IS CRITICIZED

Lord Cushenden, whose foreign policy on behalf of Great Britain is denounced by David Lloyd George as "one of barely veiled subserviences to France."

Opposes Renewals Of Entente

Ramsay MacDonald Thinks Alliance With France Is Unwise

London, Eng. — At the recent Labor conference, Ramsay MacDonald made an important speech saying, "We must orient our diplomatic policy anew. I say that, without enmity to France, it is not good for France or for us that we should re-establish any sort of alliance."

France is bound to take notice of this declaration on British policy from the leader of the opposition. The country has not yet any clear knowledge as to whether the present government is re-establishing the alliance with France, but unpublished agreements as to armaments on land seem to imply a new entente.

Ramsay MacDonald proposes to drag a declaration from the government when parliament meets next month. There are reports that the French government will immediately publish all correspondence on the naval side of the agreement. The understanding as to land forces is said to have been expressed only verbally.

Adheres To Peace Pact

Soviets Deposit Note With State Department At Washington

Washington, D.C. — Soviet Russia has joined the other Nations adhering to the Kellogg-Briand treaty for renunciation of war. A document formally signifying Russia's adherence has been deposited with the State department by the French embassy, acting on behalf of the Moscow government, the United Press learned.

State department officials declined to discuss to the content of the document, but said it was placed with the original copy of the treaty. Officials intimated it would not be made public.

No Demonstrations Allowed

Jerusalem. — The district commissioner of Jerusalem has refused to permit the orthodox Agudath Israel to hold a festival procession on the occasion of Succoth and has also banned a Moslem religious demonstration. It was stated that the government would prohibit any religious manifestation in Palestine.

Turned Adrift In Leaky Boat

Quebec Liquor Commission Inspector Threatened With Death By Captors

Montreal. — Joseph A. Patry, Quebec liquor commission inspector, was kidnapped by bootleggers at Riviere Du Loup. He managed to reach shore by paddling his craft with an old piece of wood.

Patry was instructed to probe suspected illegal transportation of liquor by boat to New Brunswick, and with two companions set out for a large gasoline yacht which was anchored a short distance from the Riviere Du Loup wharf. The inspector managed to scramble aboard, but before his assistants could mount the boat, the yacht's engines were started and the yacht set out for the middle of the river, Patry tried to draw his revolver, but his arms were seized from behind and he was warned if he raised an outcry he would be killed, and his body thrown overboard.

Later on the officer was lowered into a leaky rowboat and left to his fate. The matter has been reported to the authorities.

General Allenby In New York

British Hero Honored By Official Salute Of 17 Guns

New York. — Field Marshal Sir Edmund H. H. Allenby, so-called last crusader, who conquered the Turks in Palestine and Egypt for the British, was welcomed on his arrival here for the American Legion Convention to be held soon in San Antonio.

Arriving on the liner Majestic with Lady Allenby, General Allenby received an official salute of 17 guns from the army reservation on Governor Island as the city's reception boat Macom carried him from the liner to the battery at the Southern tip of Manhattan Island.

The British hero spoke of the growing tendency toward "open diplomacy" among nations but saw no sign for great disarmament at present.

"I do not believe there is anyone in the world who does not want peace if they can get it," he said. "However, one has to be ready for war, as you do not keep burglars out by leaving the door unlocked."

Major Godfrey Returns

Brings Motor Of Big Seaplane Which Was Wrecked In Crash

Edmonton. — Major A. E. Godfrey, noted Canadian airman, whose recent crash in the northern wilds attracted Dominion-wide attention, arrived in Edmonton recently from Peace River accompanied by Sergeant-Major Graham, one of his three companions on the flight which ended in the Peace River.

Major Godfrey brought with him the motor of the big Fairchild seaplane which he and Sergeant Graham remained behind to salvage from the wreckage of the machine. The motor was forwarded to Ottawa.

Has Narrow Escape

Kansas City, Kansas. — The life of Daniel Tovetich, 14-months-old baby who was attempting to crawl across railroad tracks, was saved when an approaching train was halted just as the front end of the engine extended over the boy. Rising suddenly to see what the fuss was about, the baby suffered a slight bruise when he struck his head on the lower part of the engine.

SASKATCHEWAN POOL ELEVATOR SYSTEM EXPANDS

Regina. — An extensive program of country elevator expansion was announced from the head office of the Saskatchewan Wheat Pool in a statement issued by R. J. Moffatt, managing director of the pool, in part as follows:

"It is anticipated that with the completion of elevators now under construction by Saskatchewan Pool Elevators, Limited, the country grain handling facilities controlled by the Saskatchewan Wheat Pool for the 1928 crop will include more than 960 elevators, with an average capacity of between 30,000 and 35,000 bushels each. This number compares with 727 country elevators in operation for the 1927-28 crop year, an increase of 233 elevators for the current year.

"All told, there have been 240 points in the province which have been approved by the board of directors as points at which Saskatchewan Pool Elevators, Limited, should secure Pool grain handling facilities, either by construction, purchase or lease of a country elevator. Of this number Saskatchewan Pool Elevators has acquired 104 new country elevators by construction; 76 elevators have been secured either by lease or purchase; 19 elevators are at present under construction; and 41 new houses have yet to be built, of which 30 will be located at sidings on new railway lines. Three elevators have been rebuilt at Pool points where elevators were lost by fire, and three purchased elevators have been rebuilt.

"I do not believe there is anyone the construction department of Saskatchewan Pool Elevators, Limited, has, in addition to supervising the general elevator extension program, constructed 19 new elevators with its own crew."

Believes River Under Control Of Dominion

Hon. N. W. Rowell Says Federal Rights Not Limited To Tidal Waters

Ottawa. — The Dominion parliament has authority to declare the existence of a public right of navigation over any river navigable in fact. Before the Supreme Court of Canada, Hon. N. W. Rowell, K.C., counsel for the Dominion, made this further contention on the question of federal and provincial control respecting navigation and water ways.

"If a public right to navigation does not exist, as Ontario suggests, on the Great Lakes and the western portion of the St. Lawrence, Mr. Rowell proceeded, "then under the British North America Act and the powers of the Dominion in regard to navigation and shipping, the Dominion must have power to take action in the interests of having a national highway for trade and commerce in Canada. My contention is that the Dominion has absolute control over navigation and shipping."

First Freight Has Reached Flin Flon

Five Tractors Have Been Delivered At Mile 83

Flin Flon, Man. — Following the driving of the last spike on the Flin Flon Railway, freight has started to arrive by train and the first load, consisting of five tractors with tracks on attachments, delivered a mile 83.

There are now 15 tractors hauling freight in and out of the big mine. The arrival of a further shipment of tractors is expected in the near future and by freeze-up roads to Island Falls should be in shape to stand the heavy traffic which will cross them during the coming winter.

Mining Office At The Pas

The Pas, Man. — Establishment of a government mining office at The Pas has been effected by Hon. Chas. Stewart, minister of the interior. It will be under the direction of C. C. Ross, of Alberta, Fred V. Siebert and A. L. Cumming, engineers of the department, are in charge. The office is in the Bank of Toronto building.

Once upon a time there were three bears. Along came the Trans-Canada and then there were two. The moral to this little story is—do not trespass on the railway tracks. Mother Bear is seen giving her sons an airing at Lake Louise. (C.P.R. photo.)
